KyleCares Announces New Grant Opportunity

Will Award Ten Grants to High Schools & Colleges Starting Active Minds Chapters

NORTH ATTLEBORO, MA (September 27, 2019) – In honor of Suicide Prevention Awareness Month, KyleCares, Inc is excited to announce a new grant award opportunity for the purpose of establishing new Active Minds chapters on the campuses of high schools and colleges.

Students at schools with Active Minds chapters perceive their schools as being supportive of mental health needs and are better equipped to reduce mental health stigma.

"Active Minds is honored to work with KyleCares to bring innovative and sustainable peer-powered mental health advocacy to high school and college campuses throughout New England. Research demonstrates that when student leaders receive the support that they need to elevate their Active Minds work on campus, like that which KyleCares is providing, the entire community feels the benefits", noted Becky Fein, MPH, Director of Training and Engagement at Active Minds.

Any students interested in applying for a \$1,200 grant to start a chapter at their school can find more information and the online application at <https://kylecaresinc.org/kylecares-grants/grant-application/>. Grants will be awarded based on the strength of the application, and demonstration of a long-term commitment from students and their faculty advisor to sustain a chapter on their campus.

About KyleCares:

KyleCares is a 501(c)3 non-profit organization dedicated to promoting open and honest communication about the mental health challenges teens and young adults face in today's society. Our goal is to financially assist high schools and colleges with the implementation of mental health awareness and suicide prevention programs to better support their students. We will assist schools directly or indirectly by establishing strategic partnerships with leading experts in this field. To learn more about KyleCares visit www.KyleCaresInc.org.

About Active Minds:

Active Minds is the nation's premier nonprofit organization supporting mental health awareness and education for young adults. Active Minds has a presence on over 700 colleges, universities, and high schools nationwide powered by our chapter network, Send Silence Packing® exhibit, and our Active Minds Speakers. The organization is dedicated to supporting a new generation in ending the silence and changing the conversation about mental health for everyone
